## A Youth Led Organisation

“I WATCH” is a non-profit and independent Tunisian watchdog organisation that aims to combat corruption and enhance transparency. I WATCH became the official point of contact for Transparency International in Tunisia in November 2013 and since January 29th, 2017 is the branch of Transparency International in Tunisia.

The organisation was founded following the Tunisian revolution on March 21st, 2011. It includes a group of young men and women active in various regions of the republic and all of them work to preserve the gains of the revolution.

I WATCH is based on two basic principles: **No to exclusion:** The organisation does not exclude anyone based on a religious, political, ideological, or regional background. **No trusteeship:** “I WATCH” believes in the youthful energies of Tunisia. The youth who made the revolution have the qualifications that make them trustworthy. The organisation works to include young people in the decision-making system and rejects trusteeship in any way due to lack of experience.

The organisation has two main goals:

- ③ Transparency and fighting corruption.
- ③ Anti-corruption: “I WATCH” believes that corruption is among the causes of the outbreak of the revolution.

## Our Vision: **Engaging and innovating against corruption**

I WATCH believes that the fight against corruption requires the use of innovative solutions and approaches to anti-corruption action and the raising of awareness. Such solutions and approaches involve considering cultural activities to raise awareness about corruption and the use of IT and communication technologies to report corruption.

**Our Organizational Ethics:** I WATCH adheres to high standards of legal compliance and ethics. We commit to be fully accountable **and transparent** towards our beneficiaries, partners and donors, by providing access to information regarding the allocation and management of funds. I WATCH has an **inspection department** which is responsible for elaborating codes of conduct and monitors compliance with internal regulations and national laws. Moreover, I WATCH has an **Ethics Officer**, with a temporary mandate, who performs a number of important tasks: Installing the ethics culture in management personnel; Establishing reporting channels for employees to use without fear of retaliation; Enforcing ethical codes, and raises his recommendations to improve the organization's Rules of Procedures

# Our Governance Structure

**I WATCH governance comprises of two main levels:**

- **The associative governance**
- **The organisational & operational governance**

**The associative governance is composed of the following two bodies:**

## **The General Assembly (GA)**

The General Assembly is the governing body of I WATCH. The members of the association meet twice a year for a General Assembly and whenever required for an extraordinary General Assembly (GA). The Ordinary and the Extraordinary GA have the following core responsibilities: a) to endorse the Moral Report, b) to endorse the financial statements, annual accounts, statutory auditor's report & allocate incomes, c) to elect the members of the Board of Directors, d) to review the strategic plan and main strategic organisational developments, e) to amend the organisation articles if required

## **The Board of Directors (BoD)**

The BoD is elected by the General Assembly and is composed of a president, general secretary and treasurer. It is in charge of defining the overall strategy of the organisation. This BoD has the following core responsibilities: a) to oversees the strategic plan and main strategic development directions of the organisation, b) to endorse the organisational ethics, policies and code of conduct, and oversee the overall legal compliance of the organisation

**The organisational & operational governance is composed of a steering committee**

The Steering Committee is led by two members who have delegated authority from the BoD. It is the strategic upper management of the organisation and the key decision-making body with regards to IWATCH's strategy development, positioning, alignment and risk management

## I WATCH People's Conference

I WATCH People's Conference was held from 12th until 14th of November 2021 In Dyar Lemdina, Mahari, Saphir and Eden hotels. This large-scale event gathered more than 1000 guests: Access to Information Officers, Presidents of newly established municipalities, CSO's representatives, Change Makers, Volunteers, and Members. 25 activities were held within the framework of this conference such as: New Municipalities' Forum; Policy Paper on Access to Information Law; Speed-dating with public administrations; Volunteers Hubs; and Teachers Against Corruption workshop.

## I WATCH People's Conference

Since 2020, IWATCH opted for a new change strategy seeking to influence the civil society ecosystem towards an informed active citizen and responsive public servants. Our Citizen Engagement department is leaning since July 202 on designing programs and initiatives for volunteers, multipliers, students, citizens, and community hubs. Mr. Achraf Aouadi, Ex-President of the organization announced the “Killing of IWATCH” and its move from an Organization to an Ecosystem. Actually, I WATCH perceives its current role as a matchmaker and service provider rather than a classic implementer of projects and initiatives.

## Elections of New Board

Engaging and Innovating  
Against Corruption | منظمة أنا يقظ  
WATCHORGANIZATION

The elective ordinary general assembly, which met on December 12th 2021, elected a new board for I-WATCH organization for the period 2025-2022. The general assembly elected Mr.Wajdi Belloumi as president of the association, Ms.Haifa Mehtli as general secretary and Mr.Ali Mhenni as treasurer.

## December 2021 - Celebrating our 10th Anniversary-

## 10 years of Engaging and Innovating against Corruption

Founded in March 2011, I WATCH celebrated on 18th of December 2021 its 10th Anniversary and launched its new strategy: **“FROM AN ORGANIZATION TO AN ECOSYSTEM”**.

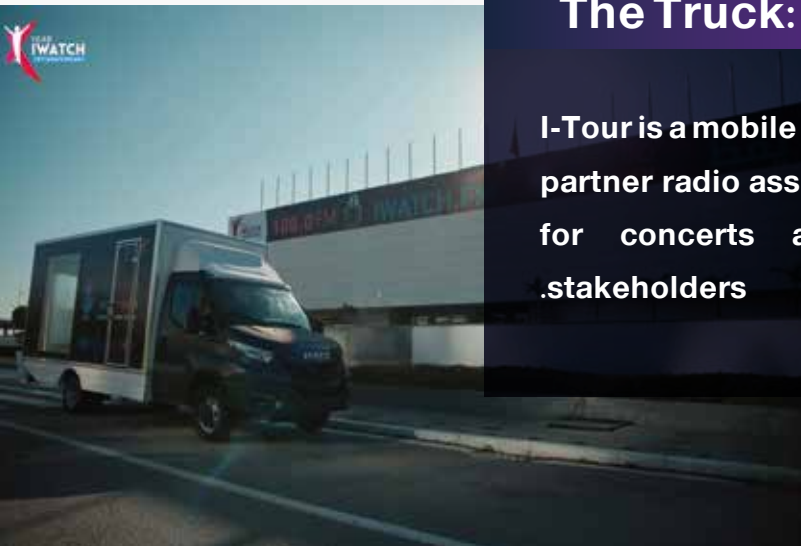

IWATCH has grown over the past 10 years, and since 2020 the organization focused on encouraging the establishment local networks in every region and infrastructure, then put it at the disposal of the local communities. I WATCH opted for a new change strategy seeking to influence the civil society ecosystem towards informed active citizens and responsive public servants. The new logo of IWATCH reflects its new position as a catalyst between local entities. This year marks also the launch of distinctive products by I WATCH namely I Radio, Digital Media Shbabebk, the Startup I-Techrity, I Tour, I BLOG and the Think Tank.

## Decentralization of the organization: Proximity & Scale-Out

## FROM AN ORGANIZATION TO AN ECOSYSTEM

## The Truck: I-Tour

I-Tour is a mobile studio which will be put at the disposal of partner radio associations. It will be also used as a scene for concerts and showcases of/by our partner stakeholders

## I-Techrity : First ICT4D in Tunisia

I-Techrity is the first ICT4D (ICT for Development) company in Tunisia. Owned by the organisation -I WATCH, I-Techrity is developing technology tools aiming to solve issues related to development, integrity and the public sphere in general

**I-TECHRITY**  
When Tech Meets Integrity

## I-Radio : SON FM

100FM in I WATCH launched its own associative radio in order to voice the concerns of citizens on issues related to public sphere and to provide alternative media contents. I RADIO will have the challenge of enduring within a rich radio landscape in Tunisia

## SHBEBEK

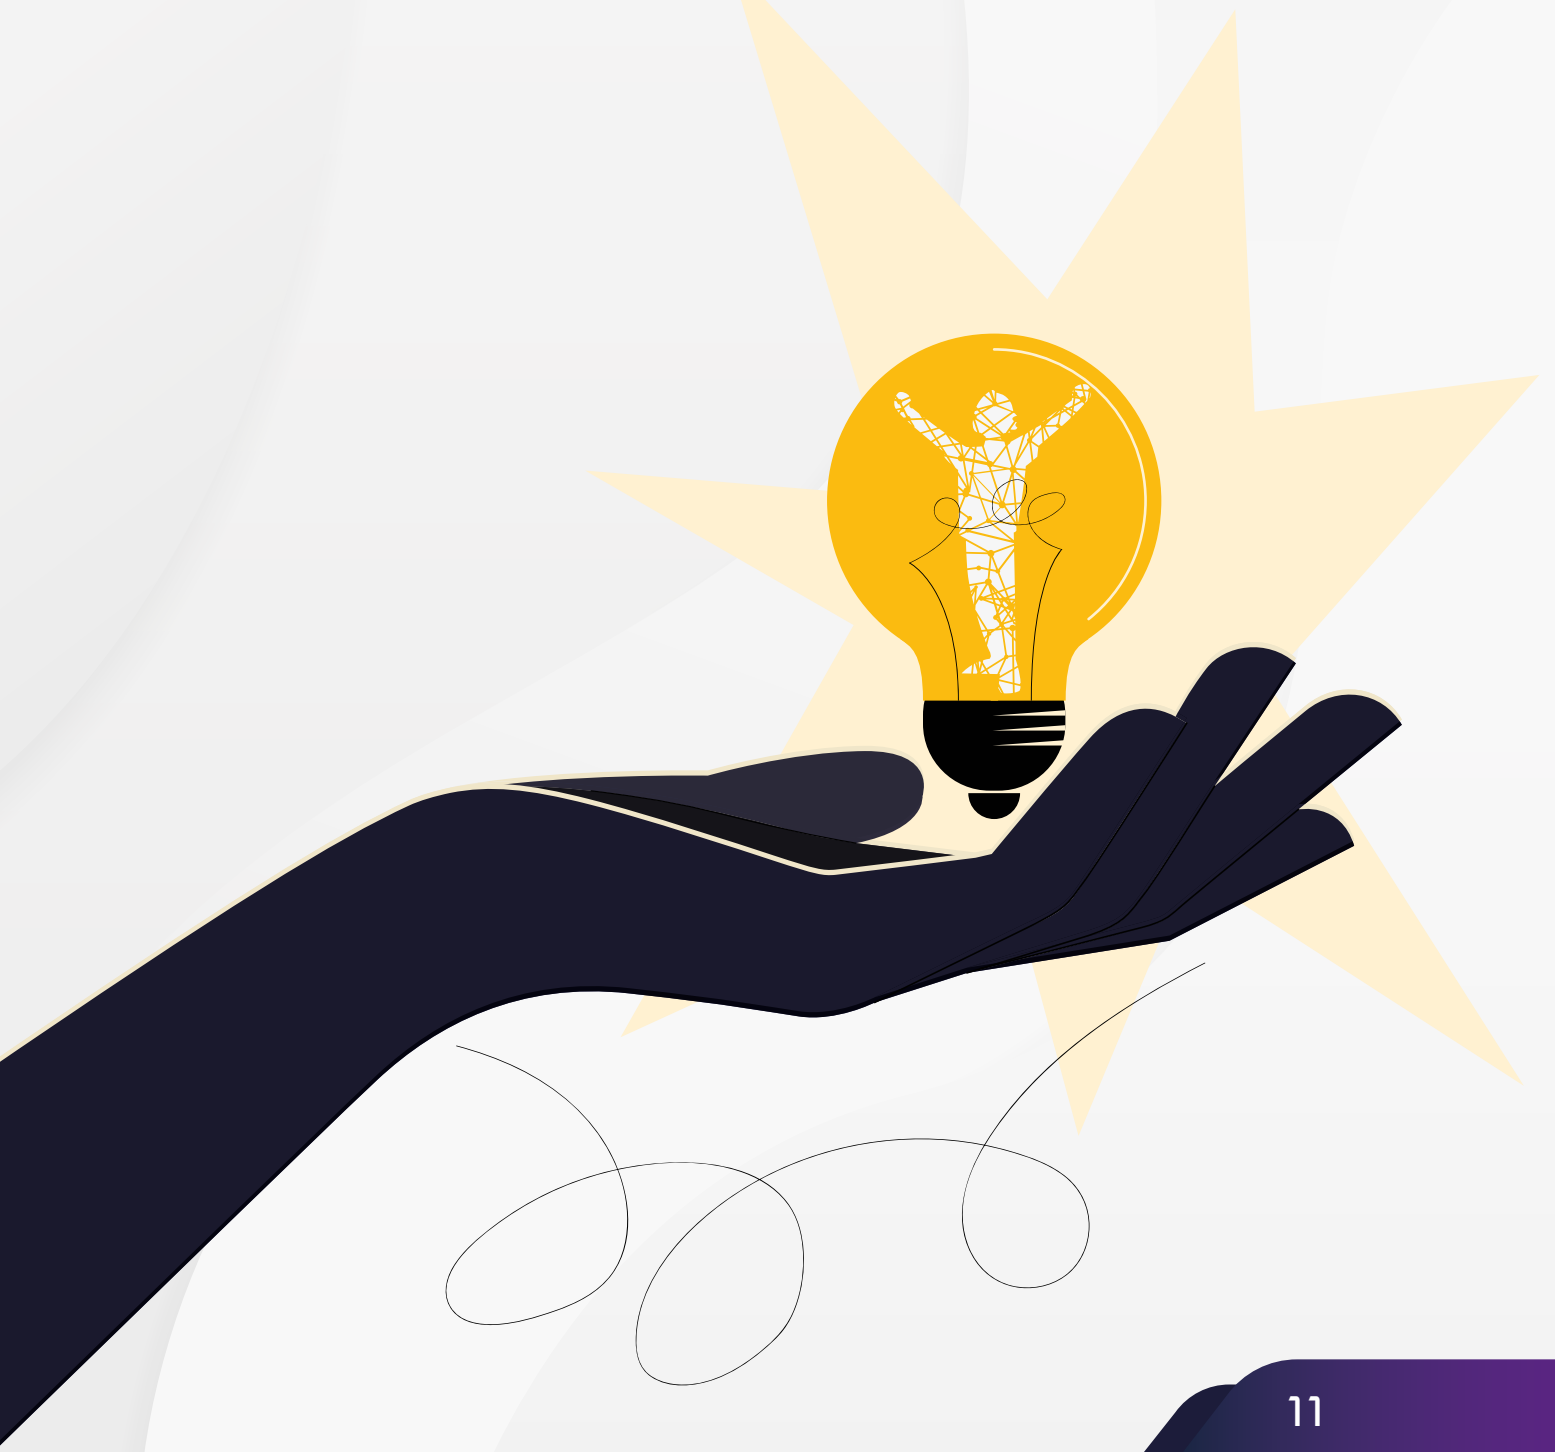

Our digital platform Shbabek produces interactive stories pertaining to different viewer-friendly categories. Up to date there are five main programs entitled el Hammas, Bel .Aks , El Khrafa , Bel Falegi , and Bullied

## THINK-TANK

Our research Lab aims to preserve IWATCH's Institutional Memory and compete in the development and research business. The goal is to better incorporate evidence practices into our interventions. A Policy Paper entitled "How can public finances overcome the scarcity of resources and the heavy expenditures?" was published in This paper includes the organization's perceptions of possible .2021 December solutions to mobilize resources and overcome the budget deficit in relation to the .Finance Law

## Our Reach & Scale in 10 Years

- More than activities 3000 in 24 governorates
- Money cashed in 15942636,25 TND by 2021
- Money guaranteed in provisions 8037176,59 TND by 2021
- Volunteers: 200 / Alumni: 270 / Members: 24 /community Members: 850
- 16 Donors
- 1010 alerts received by YALAC
- 10 Offices
- 120 projects implemented by partner CSOs

## I WATCH's Work in Figures (2021)

- We implemented **70 activities** across Tunisia
- We reached through our activities **1265 participants**
- We provided financial support to **48 local CSOs** with a budget of 814,320 588 1TND
- We signed **188 partnerships** with municipalities across Tunisia
- **8 Projects**
- **51 full time Staff**
- **13** ATI lawsuits, **32** ATI appeals, **247** requests by YALAC (Yakedh Advocacy and Legal Advocacy Center)
- **6 Partnerships** with Media outlets
- More than **60** projects in **24** governorates through CSOs Stipends
- **10 offices**

## I WATCH Impact Stories:

### Yakedh Advocacy and Legal Advice Center (YALAC)

**Raising citizens' voices:** YALAC received and followed up on hundreds of cases of corruption reported by citizens. In 2021, The center has received **352 reports.**

I WATCH filled **21 cases** before administrative court, **13 ATI lawsuits** and **32 ATI Appeals.**

Additionally, I WATCH filed 8 cases before the penal judiciary, (regarding several violations, in different sectors: sport, transportation, industry, agriculture, national security and conflict of interests.

Using the access to information law, YALAC team filled ,247 requests before several institutions such as ministries, the head of government, the parliament, and the presidency.

## I Assist Program

### The First National CSO's Network for Accountability & Transparency

I ASSIST program aims to provide technical, Financial and legal support to Tunisian CSOs, and empower them to act as local watchdogs within their communities. It was launched in 2017 as a prototype with 7 Local CSOs from Jendouba & El Kef. Currently this program is covering the 24 Tunisian Governorates and has a network of 84 local CSOs.

In **2021**, we supported **48** local CSOs throughout Tunisia with a budget of **814,320 1,588** TND. We provided embedded physical and online coaching to the **48** CSOs.

#### Partnerships with Local Authorities, CSOs & Media Outlets

IWATCH has established 188 documented partnership-conventions with municipalities in 2021. These partnerships are deeply valorized through giving constant aide to partner municipalities even after the ending of the projects. In addition, IWATCH signed partnerships with 19 CSOs in 2021 and 6 Media outlets.

## Local Integrity System

### A new methodology developed by I WATCH to assess the performance of Local Authorities

The **Local Integrity System** is a methodology developed by I WATCH to assess the performance of municipalities in terms of compliance with the legal frameworks and good practices related to Transparency, Accountability and Fight against Corruption. In 2021, I WATCH produced the LIS Study for the second year tackling 8 municipalities of Greater Tunis. Each municipality was provided with its specific diagnosis in order to be able to develop a better understanding of the weakness and the areas to be improved within its own structure and enhance its governance and integrity. We believe that this publication will serve **as an important reference** for academics and researchers who are looking for scientific and comprehensive reports on local governance and anti-corruption.

### Vaxmeter.tn

As part of our monitoring efforts to the national coronavirus vaccination strategy (covid19-), IWATCH launched, on March 2021, 17, a platform entitled: <https://vaxmeter.tn/>. The goal behind this platform is to allow citizens to monitor the implementation of the national vaccination strategy (know their turns according to the phases, know the location of vaccination centers, etc.); enhance transparency of the management of the health crisis (through monitoring compliance with the guiding principles set by the Ministry of Health); and detect shortcomings and irregularities.

## Integrity MALL

The Integrity Mall is a two-day gathering which aims at spreading awareness about fighting corruption in Tunisia through diverse cultural and academic activities and workshops. In 2021, the Integrity Mall was organized virtually through our platform Reunion.tn. 11 online sessions tackled corruption in sports, Cyber security in Tunisia, Rent Economy, etc.... 20 speakers and 527 guests attended virtually the different events of the Mall.

## ICUBE

ICube is an unprecedented incubator program dedicated to consolidating civil society in Tunisia. By providing core funding, it aims to accelerate the growth of partner CSOs in order to help them advance to the next level in terms of financing, structuring, impact, and stability; thus, striving to solidify the associations' infrastructures. 9 CSOs are to be incubated during this program and 9 workshops are to be delivered on the following thematic: Strategic Planning, Financial Management, Advocacy and Communication, Policy Analysis, Digitizing Internal Processes, Management, Fundraising, Strategy and Partnerships (Networking).

## Am Najlaoui Award

I WATCH believes that volunteering allows individuals to connect to their communities and make them better places. Through holding the 2nd Edition of Am El Aid Najlaoui Award, IWATCH is spreading the message of how volunteering helps the communities and recognizing the efforts of individuals and groups who are willingly giving their time for the common good and without a financial gain. The selection for the award was conducted by means of an online voting system where the platform users can choose the winners based on the influence that they have achieved.

## Observation of Scientific Councils

I WATCH observed for the 10th time the election of the student council representatives on March, 4th, 2021. The elections have been conducted in 56 universities across 15 governorates in partnership with IWATCH's Campus Clubs. The total number of observers amounted to 110. This event allowed students to participate in the decision-making process by means of participative democracy.
